STAFF WANTED

Position: Retail Assistant + Multimedia Designer

Established in 2003, Fist2Face is Australia's leading independent music merch store. With no alliance to any specific genre or sub genre of music, Fist2Face and its staff stay committed to serving lovers of alternative music whether it be punk, pop, ska, hip hop, metal, country and everything in between.

Whilst predominately existing as an online store, our warehouse also has a shopfront that caters to a vibrant music community in Ringwood, 40 minutes east of Melbourne.

Job Description:

Fist2Face is seeking a passionate and dedicated person to fill a retail assistant/multimedia designer role.

Tasks will include creating flyers, editing videos, creating product images, creating internal documentation for policies & procedures, and liaising between our web developer and management.

Experience in photography, image editing, print & packaging design, web development, or video editing are not essential, but will be highly valued. Applicants must be willing to lend their hand to any of these areas.
Experience in retail is preferable but not essential.

The position consists of one eight-hour shift per week, expanding into two eight-hour shifts in early 2013. The successful applicant will receive training from our current designer over the first couple of months to ensure a smooth transition.

To apply:

Email your resume to **jobs@fist2face.com.au**, being sure to specify the title of the position you are applying for.

Applications close at 11:59pm, Friday 16 November 2012.
